## **Ashford Town**

1<sup>st</sup> Published List

# 1915

This is a list of local men printed in the Kentish Express Newspaper in 1915. All the men on it were serving in the armed forces in one capacity or another. It does include some men who later died and whose names appear on the various local war memorials. It is probably very incomplete but gives an idea on the amount of local men who volunteered to fight and who managed somehow to survive.
